DEMOCRATS WILL NOT LIMIT CAMPAIGN DONATIONS

SAYS CHAIRMAN WHITE
IN STIFF EXAMINATIONFAILS TO FURNISH ANY PROOF OF
COX CHARGES AND BELIEVES IT
ONLY BECAUSE COX SAID SO

COX MAY BE BARRED FROM STAND

By L. C. MARTIN

United Press Staff Correspondent

CHICAGO, September 1.—On the ground that Governor Cox would make a stump speech if allowed to testify in the "slush fund" inquiry being conducted here by the Senate Committee, Republican members of the committee today virtually decided not to summon him.

Democratic committee members and party leaders said they can prove their case without Cox on the stand. Chairman White of the Democratic National committee, Wilbur Marsh the treasurer, and other party leaders united in promising sensations when White and Marsh take the witness stand.

"We will present facts in such startling contrast to that which has been forced from the Republicans that the country will be astounded," White said today. He was to take the stand following W. D. Jamison, director of finances of the Democratic committee. When White goes on the stand he will testify that the Democratic National organization has raised less than \$70,000 and that the Democratic leaders do not know where they will raise any more, he said.

When Jamison takes the stand he is to be asked about the letters he is alleged to have written to post masters and other federal employees politely asking for contributions.

The Republicans will take up the liquor issue also as soon as George Crandell, a New Jersey liquor dealer arrives in response to a subpoena. Crandell wrote the alleged letters soliciting funds which Chairman Hays produced Monday.

Treasurer Upham testified that \$700,000 to be devoted to the Senate Congressional campaign has not been included in the budget. Senator Reed of the committee insists that this would make the Republican fund \$6,365,500. Upham insisted, however, that the \$4,000,000 was a "mark to shoot at" and never was possible of realization. Furthermore it was nullified, he said, when a budget of \$3,079,000 was fixed in July 1920.

White went to the witness stand when the hearing of the campaign expenditures was resumed. J. D. Jamison, assistant treasurer of the Democratic committee scheduled to testify failed to arrive. "I haven't had time to fix definite budgets for the various bureaus," White said. "I have set aside \$100,000 for the speaker's bureau."

"Have you any plans for raising funds," asked Senator Spencer of Missouri. "Not yet," White said.

"Are you going to limit the size of contributions," asked Spencer. "No, I have already publicly said we would not only in the case of the source of contributions."

"Do you know of any sinister interests backing the Republican campaign?" "Only what Governor Cox charges and he is absolutely able to prove his charges."

"Then you have no evidence?" "No," said White.

"Where can I get such evidence?" "From the Governor of Missouri," answered White.

Under quoted extracts from the charges made by Cox at the hearing and asked whether any evidence could be obtained in and whether Cox had evidence.

Only evidence you have is your confidence in Cox to argue," asked Spencer. "Yes," declared White.

ONE RESULT OF INVESTIGATION

CHICAGO, Sept. 1.—Prof. John A. Hall, of Salem, Ore., Scandinavian Bureau of the Democratic National committee, was summarily dismissed today it was announced at the headquarters here by Senator Harrison, of Ohio.

Prof. Hall followed a declaration late yesterday by the investigation committee at Chicago by Senator Harrison that Hall had offered his services to the Republican speaker and that his Democratic friends had "paid" him to speak in the interest of the Democrats.

W. N. HOLZDALE, of Chicago, and it was a sudden attack of illness that resulted in death. The funeral services will be held at his home here tomorrow.

Miss Clara Curley, left today to spend a few days at her home in Akron to take up her school work. After spending a vacation here in Clearfield, Miss Curley is now in the city of DuBois, Pa., where she has been afflicted with throat trouble.

Y. M. C. A. WILL SEEK SUPPORT FOR
ITS ENLARGED IMPROVEMENT PLAN

The Clearfield Young Men's Christian Association will begin the campaign for its annual expenses tomorrow morning.

Committees of members of the Board of Directors will call on the people for their support. Sufficient funds will be asked to successfully carry the association expense until the first of next May. It is distinctly understood that all of this money is to be used for this purpose and none of it for the improvements which are now under way.

The future of the "Y" in Clearfield looks very bright and with the renovations and improvements completed the association will be in shape to put on as large a program as the people will support in its pledges made this week.

BEST HOSPITAL
IN THE REGION
IS THE GOAL

Campaign Committee Outlines
What Must be Done to Meet
Needs of Country

CAMPAIGN IS ON IN EARNEST

Clearfield county is to have a hospital of which the entire region will be proud, if the objects of the campaign for a \$200,000 maintenance, endowment, and building fund for the Clearfield Hospital are realized. Among the objects, it was announced today, are:

To add a Maternity Wing to the hospital.

To build a Laboratory Unit, including isolation suites for the care of contagious diseases.

To erect an Administration Building, which will add to the capacity of the hospital for general work.

The lack of these constitutes one of the serious handicaps under which the institution is now operating in its attempt to care for the great bulk of hospital work—fully 60 per cent. of all in the county—which is brought to its doors.

The realizing of them will enable the hospital adequately to treat and care for the sick and injured of the county, some of whom must now be refused admittance because of the lack of ward space.

For months there has been a waiting list. The success of the drive also will assure a permanent full-time pathologist, who will be able greatly to broaden the laboratory work.

The campaign headquarters were moved this morning from the second floor of the Murray building to the first floor, which was vacated when the County National Bank of Clearfield returned to its improved building.

In these more spacious quarters the scene is a busy one. Girls working at mailing tables, stenographers clicking away at typewriters, carpenters and sign painters getting things in readiness—all have their part in the army which General Campaign Chairman H. B. Powell purposes to lead "over the top."

Stationery and other supplies for the campaign are being received. Typewriters have been temporarily loaned through the courtesy of George E. Zerfoss, Superintendent of City Schools; Rev. Father M. A. Ryan, Rector of St. Francis' Parochial School; and Mrs. John W. Drophy, wife of the president of Clearfield district No. 2, United Mine Workers of America.

Mr. Powell and the campaign executive committee of leading citizens are gradually getting their forces lined up for the big drive. An automobile committee, to co-operate in city and county work, is the latest to be appointed. It includes Dean H. Bloom, chairman; C. Thornton Hill, and H. C. McCloud.

The quotas for the 20 districts into which the county has been divided are to be computed shortly from Liberty loan and Red Cross data and other statistics. The general organization and operation of the campaign are to

COX VIRTUALLY
CALLS HAYS LIAR
IN STATEMENT

COLUMBUS, O., Aug. 31.—Governor Cox, Democratic presidential candidate, in a statement here today, declared as "absolutely untrue and false" statements attributed to Will H. Hays, chairman of the Republican National committee, before the Senate committee investigating campaign expenditures, that it was not the policy of the Republican committee to obtain contributions in excess of \$1,000.

Governor Cox again referred to what purported to be an official document issued by the Republican committee to prove his assertion. The document referred to by the governor is alleged to have been issued two days after Senator Harding's nomination at Chicago, by Treasurer Upham.

Cannot Believe Hays.

The document, Governor Cox said, showed by its preface that subscriptions were to be sought in excess of \$5,000, that the "quota" should be sold, and that a minimum of \$300,000 was to be sought in cities the size of St. Louis, Cleveland and Detroit.

"Contrasting this official document from the Republican National headquarters," Governor Cox said, "with the statement Mr. Hays yesterday made under oath, I cannot believe a single word he says on the subject. That he has been caught in his own trap is evident."

The governor declared that all state chairmen should be summoned by the committee to bring all documents relating to money raising with them.

"The spotlight should be thrown on the activities of all political parties and it should be kept there intensively until election day," he added.

"Enough is known now, through records from Mr. Hays' headquarters, to convince the public that as the head of a great organization he has deceived the public and at an official hearing defied the truth."

JOLLY PARTY OF
ALTOONANS HERE
FOR BIG PICNIC

Representatives of the freight, steel and bolt shops, planing mill, lumber yard, metal yard and yard laborers from the Altoona shops of the Pennsylvania Railroad Company came to Clearfield this morning in a special train over the Pennsy for the purpose of spending the day picnicking in the driving park.

The train arrived in Clearfield at 10 o'clock and the railroad workers and their families to the number of seven hundred promptly repaired to the park and immediately began preparations to care for the inner man.

Soon happy family groups were gathered in and about the grove and well-laden tables were ready for the visitors.

The picnic party was in charge of the following energetic general committee: H. L. Borine, chairman; B. S. Barr, secretary, and F. L. Long, treasurer. The different activities were assigned to the following chairmen: Refreshments—B. Hainey; Sports—G. R. Brady; Baskets—Wm. Schultz; Dancing—G. M. Dreibliss; Music—R. W. Frantz.

The sports committee arranged a

RUSH OF WOMEN TO
REGISTER BEGUN
IN EARNEST TODAY

Registration this afternoon is especially heavy and the totals are well over nine hundred as we go to press. It is expected that the total registration will be considerably over one thousand votes.

The women of Clearfield are very much in favor of exercising the right of franchise given them under the provisions of the recently ratified Nineteenth Amendment to the Constitution of these United States and accordingly proceeded to take advantage of the opportunity to enroll with the Assessors of the different election precincts of the town for voting purposes.

Yesterday was the first of the two days set apart for registering of women voters and when the Assessors closed shop last evening 264 had been enrolled in the Second Ward, the biggest Ward in the town. The Third Ward was a close second, while the First Ward register showed 181 names of women who expected to vote this year.

The Assessors were kept busy at intervals all day today and at 2 o'clock the different wards showed the following totals:

Judge Bell addressed a capacity audience of women at the High School building last evening and informed the new voters as to their privileges under the new relation and also pointed out to them their duty in the premises.

The women of the town had already shown they were ready and willing to accept alike the advantages and the burdens of the new emancipation and heeded by Judge Bell's intelligent delineation of the necessary details surrounding their political action at this time have been proceeding in satisfying numbers to enroll during the day.

The Assessors will remain on duty at the several election houses of the town from 6 to 9 o'clock this evening and all who desire to vote this year must enroll before 9 o'clock or they will be unable to vote at the coming November election.

The Assessors will turn their assessment rolls over to the County Commissioners tomorrow and within ten days the list of voters registered yesterday and today will be placed on the duplicate in the Tax Collector's hands and every woman registered thereon may qualify for voting on November 2d by paying the sum of 53 cents county tax on or before October 2d, 1920.

Up until ten o'clock this morning the registration figures in the four wards were as follows:

First Ward: 76 Republicans, 28 Democrats, 6 Prohibitionists, 41 no party—total 151.

Second Ward: 90 Republicans, 116 Democrats, 5 Prohibitionists, 52 no party—total 263.

TENNESSEE RESCINDS SUFFRAGE
TOO LATE TO BE VALID IS OPINION

WASHINGTON, Sept. 1.—The action of the Tennessee House late yesterday in voting to rescind its ratification of the federal suffrage amendment surprised suffrage workers and government officials who were studying the possible effects of the action today. There is no precedent for the situation which has been created but opinions here were that the vote yesterday will not have any effect whatever. It was pointed out that the Tennessee certificate of ratification had come to Washington and has been approved and Secretary Colby has proclaimed the amendment. Court attaches are reluctant to go behind action of this sort, but legal opinion here also was that Tennessee cannot now withdraw ratification. This question, however, has never been finally settled. The most serious aspect of the case as seen here was that if the legality of the women's vote is taken into court a decision would not be reached until after the election and if the Supreme Court decided against the amendment the legality of the whole election would be disputed.

WASHINGTON, Sept. 1.—Suffrage leaders today took steps to have Connecticut ratify the 19th amendment giving national enfranchisement to women. Following word that the Tennessee House had rescinded its action giving suffrage to women the suffragists will redouble their efforts in order to prevent any question of the validity of the amendment. According to word received here Governor Holcomb has called a special session of the legislature to consider the amendment.

CHICAGO, Sept. 1.—George White, chairman of the Democratic National Committee today told the Senate Investigation Committee that he has tentatively fixed \$2,000,000 as the cost of the Cox-Roosevelt campaign fund. White denied that the Democrats at any time planned to raise from \$5,000,000 to \$10,000,000.

BULLETIN SAYS LORD MAYOR OF CORK
WILL LIVE SEVERAL DAYS YET

BELFAST, Sept. 1.—Desperate fighting between Irish factions broke out again in Belfast today. Sinn Fein gunmen attacked Unionist workmen in the Sankhill ship yards. Soldiers reinforced the workmen and a pitched battle resulted. At the same time minor disturbances were reported from other parts of the city. Casualties in today's fighting included two men killed and one woman and several soldiers wounded. Reports received here today said that Sir Edward Carson had offered the British government 30,000 Ulster volunteers to replace the soldiers.

LONDON, Sept. 1.—Government physicians reversed their diagnosis of the condition of Lord Mayor MacSwiney of Cork, on a hunger strike in Brixton prison. They said he would live for a week or ten days longer. The government is providing the best medical experts obtainable to prevent complications from setting in. Hunger strikers in the Mt. Joy prison capitulated and are eating this afternoon, but the 22 hunger strikers in Cork continued their voluntary starvation and several have collapsed.

MAX MILLER, AIR PILOT, KNOWN IN
CLEARFIELD KILLED IN ACCIDENT

MORRISTOWN, N. J., Sept. 1.—Two operators of an air mail plane were killed when their machine fell near here today. The explosion of a gasoline tank setting fire to the machine burned the bodies almost beyond recognition. From letters found in the mail pouches it was presumed that the plane was bound from New York to Chicago. The postmaster reported that Max Miller was the pilot of the machine. Mr. Miller was one of the original pilots and has been in Clearfield.

WASHINGTON, Sept. 1.—Max Miller and Gustav Riersson were occupants of the mail plane when they fell to their deaths near Morristown, N. J., today, postoffice officials said. Riersson, a mechanic was from Troy, Idaho, and Miller, one of the oldest pilots, has a wife living in Washington.

THE DANCING MASTERS AGAIN

The National Association of Dancing Masters was in session again, and as usual we were regaled with solemn utterances concerning the "shimmy" and "jazz" and other things with strange names. The "cat step" is the latest.

It is offered as a substitute for the dances that have fallen into disrepute. The dancing master, no doubt, but it has been said that their influence on the art as practiced in the room.

TAR KETTLE BLAZES

The tar kettle used in heating the tar filler for the brick paving on Third street caught fire this morning and emitted sufficient smoke screen to camouflage the entire lower end of town before Fire Chief Bob Mason, of the Barrett fire department, succeeded in circumventing the flames and reaching order among the tar pourers.

No use going to Osceola boys. Publicity is a wonderful padlock.

As a hot air artist on the stump Hy Johnson is a real piker alongside of Jimmy Cox.

About one more week of foolishness over campaign funds and the party leaders will be forced to get down to real issues.

Republican managers never accused Mr. Cox of being a liar. They know however that Mr. Cox is over zealous to prove something that he wants to believe. Now to have Mr. Cox accuse Mr. Hays of deliberately lying under oath is mighty serious and a matter that will not reflect to the credit of Mr. Cox.

SPIRIT OF RECKLESSNESS

A spirit of recklessness prevades society today. Reading any daily newspaper, one is impressed by the greater number of accidents reported. Many of these are in connection with the operation of automobiles, but not by any means all of them. Burglaries and murders, holdups and illicit trading, with brief reference to politics, furnish topics for the other columns.

The world is moving at a terrific pace. The war that it passed through helped to make its population restless. In this country high prices and high wages have put life on a different scale. A noticeable slump in morals and religion has robbed us of much of our poise and equanimity and made us careless in conduct and regard for law. We are paying a stiff price in the toll of human life and bodily injuries for our spirit of recklessness.

We are anxious to get back to normal in economic relations, but it is far more important that we lay again the foundations of right living and right thinking and right relations to men. And the spirit of recklessness, and in many cases heedlessness, will give way to caution and a regard for the common good when the fundamental cause of our feverish haste is removed.

WOMEN AS JURORS

That consideration of sex differences in government affairs cannot be entirely obliterated by the Nineteenth amendment to the constitution is made apparent by the discussion as to the part that women are to play in jury service. It is taken for granted that the new voters will have to bear their share of responsibility hereafter in passing on the guilt or innocence of persons accused of crime and in deciding civil suits. But at once the question arises if it would be proper to call upon them to serve in murder trials, where the jury is not released until it returns a verdict and may be locked up for several days and nights. It is assumed that it would not be at all to the liking of women to be subjected to such an experience.

It is an interesting prospect, this of having women on our juries. One speculates as to whether their natural tenderness of heart will cause them to be more lenient to wrong-doers than men would be. Or will they conscientiously stifle impulses of mercy and let stern justice be done? Illuminating comparisons of masculine and feminine obstinacy will also be permitted by the new order of things. The more one contemplates the subject, the richer are seen to be the possibilities for study of differences in sex psychology.

Then there is the question of woman's willingness to serve on juries. Will one hear such reasons offered for pleas to be excused as that it is necessary to remain at home to "put up" preserves, to care for a sick child or to attend to innumerable other household duties?

Jury service for women promises to me a knotty problem. It is not surprising to learn that special rules for their benefit are already considered necessary.

be somewhat similar to those of the Liberty Loan and Red Cross campaigns, so notably successful in Clearfield county.

Steps are being taken toward perfecting an organization among the doctors and nurses of the county. In reply to letters explaining the necessity for the campaign and requesting the support of the medical profession, practically every doctor in the county has signified his intention to co-operate wholeheartedly. The letters were sent out by the hospital staff, including the following physicians: S. J. Waterworth, L. F. Stewart, J. Paul Frantz, J. W. Gordon, W. E. Reiley, W. O. Wilson, and W. S. Piper. Mary A. Rothrock, R. N., Superintendent of the hospital, has promised to aid in perfecting the nurses' organization.

Forrest Root and Miss Bess Barto both of Clearfield, were united in marriage at 11:30 o'clock at the Trinity M. E. parsonage, Rev. W. W. Hariman officiating. The immediate families of the contracting parties were present and Mr. and Mrs. Lewis Kelly were the attendants.

**Everyone Should
Drink Hot Water
in the Morning**

Wash away all stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gas, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract before eating more food.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

**This section certainly owes
a lot to the automobile**

LOOK at it just from the business standpoint, compared with, say, ten years ago—or even five.

Everything speeded up—made easier. Nearly every business man depending on the automobile to transport himself and his products.

That is one reason, perhaps, why more attention is being paid to tires—why tire costs are being figured closer and people are beginning to look for better tires.

We believe that people are entitled to better tires—the best they can get.

Not only the man with the

big car, but the man with the small car, and the medium sized car.

We represent U.S. Tires for that reason—because their policy is the same as ours—every tire as good as you can get it, regardless of the size of the car it is to go on.

It was that policy which led to the introduction of the straight side automobile tire, the pneumatic truck tire.

And you can't beat it.

U. S. Tires are guaranteed for life, with no limitation of mileage.

It will pay you to talk to us about tires, if you are looking at them from a business standpoint.

Mrs. Annie M. Sloan, Of Buffalo, Declares She Would Not Take All The Money In The World For Good Tanlac Did Her.

MRS. ANNIE M. SLOAN,
Influential Buffalo, N. Y. Club
Woman and Suffragist

One of the latest additions to this list is the name of Mrs. Annie M. Sloan, residing at 275 Huntington avenue, Buffalo, N. Y.

Mrs. Sloan has resided in Buffalo for the past forty years and is one of the most prominent club women of Buffalo, being an active member of the Buffalo City Club; the Lincoln Republican Club, and the Women Voters League.

She represented the women of her city in their appeal to the United States Senate in Washington when the suffrage bill was first introduced, and was honored with a membership to the Washington Suffrage Club. Mrs. Sloan is also deeply concerned in church and charity work. Her statement regarding the benefits she has derived from Tanlac will be of widespread interest. She said:

"I have only been taking Tanlac for about four weeks, but I am already feeling better than I have in years. When I was taken down with a severe bilious attack, my appetite was abnormal; I would have an awful craving for food and eat until I was satisfied, and then in a little while get hungry again and feel faint. Such severe pain would come in my stomach and right side that I felt like they were killing me, and I became so nauseated that it worried me for fear I would break a blood vessel.

"These attacks became frequent and with each one I had to remain in bed for four or five days. About six weeks ago I had one of these attacks and was in such awful pain that I gave up hope and thought my time had come. This spell left me without any energy and so weak I could hardly walk across the room.

"I could almost see the operating table staring me in the face again, but I had such a fear of another operation that I dreaded the very thought of it.

"Seeing so many fine testimonials for Tanlac, I decided to try the medicine myself. Well, after I finished taking the first bottle I noticed a wonderful improvement.

"My pains have all disappeared now, my appetite has been regulated, and I have not had a bilious spell or felt nauseated since I began taking Tanlac, four weeks ago. I just seem to be brimful of new strength and energy and never have that tired, weak feeling any more. I'll just say frankly I think Tanlac is perfectly wonderful, and I wouldn't take all the money in the world for the good it has done me."

Tanlac is sold by all leading druggists.

NEWS OF OUR NEIGHBORS CURWENSVILLE

It was a noticeable fact yesterday that the ladies of this town were not falling over one another in order to reach the polling places, in either ward, to place their names on the registration list. Only about 50 registered in the First ward and a like number in the Second ward.

A merry-go-round has moved in and is located on the site of the old Draucker House. It will remain in town until after Labor Day.

Bloomington and Mack's Crescent ball teams contested in a game at Athletic Park yesterday afternoon. The game started at a little after 4 o'clock, and was not finished in time to get the result at the time of mailing this letter.

J. B. Garner is removing his family from town and will reside this winter on a farm within a few miles of Lumber City.

L. W. Spencer arrived home yesterday from a ten day's vacation trip to Atlantic City and other watering resorts.

Earl Shaffer and family who have been residing at Lumber City, Mr. Shaffer having been employed by the brick yard company at that place, will move to Curwensville within the next few weeks and occupy a house on Susquehanna avenue, South Side.

The Brookville-Clearfield ball game took a lot of lovers of that sport from Curwensville to the county seat yesterday.

Mrs. A. E. Patton and daughter arrived in Curwensville Monday and are now domiciled in the Patton home on North State street.

party—total 263.
Third Ward: 69 Republicans, 51 Democrats, 16 Prohibitionists, 1 Socialist, 2 Labor—total 162.
Fourth Ward: 2 Republican, 11 Prohibitionists, 112 no party—total 125.

Total in all four wards—701.
No indication of the party preference of the ladies can be gotten from these figures as it is not necessary to declare a party preference and in many instances that part of the blank was not filled out.

In the Second Ward Officer Reilly saw to it that the Democratic party was taken care of properly by loading himself up with a few hundred enrollment blanks and having any member of the family sign them for the registrant. It was quite late in the day when it was called to the attention of the zealous party worker that his actions were entirely too "democratic" and he was urged to desist in his enrollment of Democrats only.

In the Fourth Ward the assessor instructed all registrants not to enroll as to party preference.

AFTER EIGHT YEARS

Clearfield Testimony Remains Unshaken.

Time is the best test of truth. Here is a Clearfield story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. Jas. M. Gearhart, 905 South Fourth St., Clearfield, says: "I suffered for a long time with disordered kidneys. I had headaches and dizzy spells and a tired, languid feeling. I read about Doan's Kidney Pills and got a supply. After using two boxes my kidneys became normal and I felt better in every way. I am glad to recommend this remedy."

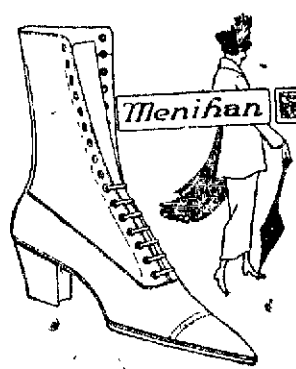

OVER EIGHT YEARS LATER, Mrs. Gearhart said: "I can recommend Doan's Kidney Pills as highly as I ever did. They have helped me whenever I have used them and I wish to confirm my former statement."

Every Member of The Susquehanna College of Music Faculty a Talanted Instructor

Never in the history of this institution have we presented such a talented corps of instructors. Each one is a master of the branch which he or she has been selected to teach. Not only accomplished performers but each has an especial faculty and ability to impart their knowledge to their pupils.

This, then, will assure those who wish to make a study of the art of musical expression, instruction that cannot be matched short of Metropoliton musical centers.

If you're planning a musical career for yourself, if you wish to study music seriously for your own pleasure, if you're a parent intending to start children on their musical education, why not come and have a profitable talk with us.

The 1920-1921 school year opens Monday, Sept. 6. The books are now open for enrollment.

**PRETTY WEDDING
AT ST. FRANCIS
THIS MORNING**

A very pretty wedding was solemnized at the St. Francis Catholic Church this morning at 7:30 when Miss Helen Elizabeth Connelly became the bride of Edgar A. Markel. The ceremony was the nuptial mass of the church and the officiating clergyman Rev. Father M. A. Ryan. Only the immediate families and a few close friends of the couple were present. The attendants were Anna Connelly, cousin of the bride, and Thomas J. Connelly, the bride's brother. After the ceremony a breakfast was served at the home of the bride, after which the happy couple departed for Tyrone from where they will visit Buffalo, Niagara Falls and points in Canada on their wedding tour.

The bride is the charming daughter of Mr. and Mrs. James D. Connelly and is endowed with all the accomplishments which go to make a worthy helpmate. She has been employed in the office of the New York Central here and one of the many useful wedding gifts received was a handsome sixty piece silver service from her fellow workers of the New York Central.

Mr. Markel is a former Clearfield boy, the son of Mrs. Martha Markel, now of Altoona. He is now employed as an electrician on the Pennsylvania lines at Altoona. He was formerly in charge of the Electric Supply Store in Philipsburg but left there to join the First Engineers in the world war. He spent twenty-six months in Europe and was one of the last to return to this country from the scene of war.

A host of friends wish the young couple all the happiness in the world. They will make their future home in Altoona.

Miss Emily Gaulin left yesterday for Marietta, Ohio, where she has accepted a position as dietitian in the Marietta Hospital.

**LIQUOR SELLERS
THREATENED WITH
SLAP ON WRIST**

The following is a clipping from a Democratic newspaper printed in Clearfield County. No authority is given for the statement that wholesale prosecutions are to be made of violators of the liquor laws in this county. It is a pretty safe bet that there will be none until after November 2nd. It is significant that even Democratic newspapers are beginning to take note of political trafficking in liquor.

"That surprises are in store for certain people of Clearfield and adjoining counties of the Twenty-third U. S. revenue district, who have in the past several months violated the Eighteenth amendment to the constitution, is evident from reports issued at headquarters of the district in Pittsburgh. These surprises, it was learned, will come in the form of Federal warrants, charging violations of various articles of the Volstead act from selling several drinks of "hooch" to unlawful manufacture.

A number of new suits have been filed at headquarters within the past few days, and bench warrants are expected to be issued shortly. These will eventually drift into the hands of United States Marshal John Short and his deputies for service.

There are hundreds of "booze" violation cases pending in the district, it is said. They represent violations over the entire 23 counties comprising the Pittsburgh Federal district."

Be Pretty! Turn Gray Hair Dark

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this thru your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

You no doubt are aware that on an average one of every four children has defective eyesight and that 70 per cent of these are backward children.

It very often happens that a child's distaste for study is due to inability to see clearly.

DEMOCRATS WILL NOT LIMIT CAMPAIGN DONATIONS

SAYS CHAIRMAN WHITE
IN STIFF EXAMINATIONFAILS TO FURNISH ANY PROOF OF
COX CHARGES AND BELIEVES IT
ONLY BECAUSE COX SAID SO

COX MAY BE BARRED FROM STAND

By L. C. MARTIN

United Press Staff Correspondent

CHICAGO, September 1.—On the ground that Governor Cox would make a stump speech if allowed to testify in the "slush fund" inquiry being conducted here by the Senate Committee, Republican members of the committee today virtually decided not to summon him.

Democratic committee members and party leaders said they can prove their case without Cox on the stand. Chairman White of the Democratic National committee, Wilbur Marsh the treasurer, and other party leaders united in promising sensations when White and Marsh take the witness stand.

"We will present facts in such startling contrast to that which has been forced from the Republicans that the country will be astounded," White said today. He was to take the stand following W. D. Jamison, director of finances of the Democratic committee. When White goes on the stand he will testify that the Democratic National organization has raised less than \$70,000 and that the Democratic leaders do not know where they will raise any more, he said.

When Jamison takes the stand he is to be asked about the letters he is alleged to have written to post masters and other federal employees politely asking for contributions.

The Republicans will take up the liquor issue also as soon as George Crandell, a New Jersey liquor dealer arrives in response to a subpoena. Crandell wrote the alleged letters soliciting funds which Chairman Hays produced Monday.

Treasurer Upham testified that \$700,000 to be devoted to the Senate Congressional campaign has not been included in the budget. Senator Reed of the committee insists that this would make the Republican fund \$6,365,500. Upham insisted, however, that the \$4,000,000 was a "mark to shoot at" and never was possible of realization. Furthermore it was nullified, he said, when a budget of \$3,079,000 was fixed in July 1920.

White went to the witness stand when the hearing of the campaign expenditures was resumed. J. D. Jamison, assistant treasurer of the Democratic committee scheduled to testify failed to arrive. "I haven't had time to fix definite budgets for the various bureaus," White said. "I have set aside \$100,000 for the speaker's bureau."

"Have you any plans for raising funds," asked Senator Spencer of Missouri. "Not yet," White said.

"Are you going to limit the size of contributions," asked Senator Spencer. "No, I have already publicly said we would not only in the case of the source of contributions."

"Do you know of any sinister interests backing the Republican campaign?" "Only what Governor Cox charges and he is absolutely able to prove his charges."

"Then you have no evidence?" "No," said White.

"Where can I get such evidence?" "From the Governor of Missouri," answered White.

Under quoted extracts from the charges made by Cox at the hearing and asked whether any evidence could be obtained in and whether Cox had evidence.

Only evidence you have is your confidence in Cox to charges," asked Spencer. "Yes," declared White.

ONE RESULT OF INVESTIGATION

CHICAGO, Sept. 1.—Prof. John A. Hall, of Salem, Ore., Scandinavian Bureau of the Democratic National committee, was summarily dismissed today it was announced at the headquarters here by Senator Harrison, of Ohio.

Prof. Hall followed a declaration late yesterday before the investigation committee at Chicago by Senator Harrison that Hall had offered his services to the Republican speaker and that his Democratic friends had "paid" him to speak in the interest of the Democrats.

W. H. HOLZDALE, of Chicago, and it was a sudden attack of illness that resulted in death. The funeral services will be held at his home here tomorrow.

Miss Clara Curley, left today to spend a few days at her home in Akron to take up her school work. A letter from Miss Curley, dated here, says that she is very well and is enjoying a vacation here. Miss Curley is a daughter of Mr. J. D. Jacobs, of the Clearfield Clearing Co. and is engaged to be married to Mr. H. H. Hartwick, of Legan.

Y. M. C. A. WILL SEEK SUPPORT FOR
ITS ENLARGED IMPROVEMENT PLAN

The Clearfield Young Men's Christian Association will begin the campaign for its annual expenses tomorrow morning.

Committees of members of the Board of Directors will call on the people for their support. Sufficient funds will be asked to successfully carry the association expense until the first of next May. It is distinctly understood that all of this money is to be used for this purpose and none of it for the improvements which are now under way.

The future of the "Y" in Clearfield looks very bright and with the renovations and improvements completed the association will be in shape to put on as large a program as the people will support in its pledges made this week.

What Must be Done to Meet
Needs of Country

CAMPAIGN IS ON IN EARNEST

Clearfield county is to have a hospital of which the entire region will be proud, if the objects of the campaign for a \$200,000 maintenance, endowment, and building fund for the Clearfield Hospital are realized. Among the objects, it was announced today, are:

To add a Maternity Wing to the hospital.

To build a Laboratory Unit, including isolation suites for the care of contagious diseases.

To erect an Administration Building, which will add to the capacity of the hospital for general work.

The lack of these constitutes one of the serious handicaps under which the institution is now operating in its attempt to care for the great bulk of hospital work—fully 60 per cent. of all in the county—which is brought to its doors. The realizing of them will enable the hospital adequately to treat and care for the sick and injured of the county, some of whom must now be refused admittance because of the lack of ward space. For months there has been a waiting list. The success of the drive also will assure a permanent full-time pathologist, who will be able greatly to broaden the laboratory work.

The campaign headquarters were moved this morning from the second floor of the Murray building to the first floor, which was vacated when the County National Bank of Clearfield returned to its improved building. In these more spacious quarters the scene is a busy one. Girls working at mailing tables, stenographers clicking away at typewriters, carpenters and sign painters getting things in readiness—all have their part in the army which General Campaign Chairman H. B. Powell purposes to lead "over the top." Stationery and other supplies for the campaign are being received. Typewriters have been temporarily loaned through the courtesy of George E. Zerfoss, Superintendent of City Schools; Rev. Father M. A. Ryan, Rector of St. Francis' Parochial School; and Mrs. John W. Drophy, wife of the president of Clearfield district No. 2, United Mine Workers of America.

Mr. Powell and the campaign executive committee of leading citizens are gradually getting their forces lined up for the big drive. An automobile committee, to co-operate in city and county work, is the latest to be appointed. It includes Dean H. Bloom, chairman; C. Thornton Hill, and H. C. McCloud.

The quotas for the 20 districts into which the county has been divided are to be computed shortly from Liberty Loan and Red Cross data and other statistics. The general organization and operation of the campaign are to be completed by the end of the month.

The sports committee arranged a jolly party of altoonans here for big picnics. Representatives of the freight, steel and bolt shops, planing mill, lumber yard, metal yard and yard laborers from the Altoona shops of the Pennsylvania Railroad Company came to Clearfield this morning in a special train over the Pennsy for the purpose of spending the day picnicking in the driving park.

The train arrived in Clearfield at 10 o'clock and the railroad workers and their families to the number of seven hundred promptly repaired to the park and immediately began preparations to care for the inner man. Soon happy family groups were gathered in and about the grove and well-laden tables were ready for the visitors.

The picnic party was in charge of the following energetic general committee:—H. L. Borine, chairman; B. S. Barr, secretary, and F. L. Long, treasurer. The different activities were assigned to the following chairmen:—Refreshments—B. Hainey; Sports—G. R. Brady; Baskets—Wm. Schultz; Dancing—G. M. Dreibliss; Music—R. W. Frantz.

COX VIRTUALLY
CALLS HAYS LIAR
IN STATEMENT

COLUMBUS, O., Aug. 31.—Governor Cox, Democratic presidential candidate, in a statement here today, declared as "absolutely untrue and false" statements attributed to Will H. Hays, chairman of the Republican National committee, before the Senate committee investigating campaign expenditures, that it was not the policy of the Republican committee to obtain contributions in excess of \$1,000.

Governor Cox again referred to what purported to be an official document issued by the Republican committee to prove his assertion. The document referred to by the governor is alleged to have been issued two days after Senator Harding's nomination at Chicago, by Treasurer Upham.

Cannot Believe Hays.

The document, Governor Cox said, showed by its preface that subscriptions were to be sought in excess of \$5,000, that the "quota" should be sold, and that a minimum of \$300,000 was to be sought in cities the size of St. Louis, Cleveland and Detroit.

"Contrasting this official document from the Republican National headquarters," Governor Cox said, "with the statement Mr. Hays yesterday made under oath, I cannot believe a single word he says on the subject. That he has been caught in his own trap is evident."

The governor declared that all state chairmen should be summoned by the committee to bring all documents relating to money raising with them.

"The spotlight should be thrown on the activities of all political parties and it should be kept there intensively until election day," he added.

"Enough is known now, through records from Mr. Hays' headquarters, to convince the public that as the head of a great organization he has deceived the public and at an official hearing defied the truth."

RUSH OF WOMEN TO
REGISTER BEGUN
IN EARNEST TODAY

Registration this afternoon is especially heavy and the totals are well over nine hundred as we go to press. It is expected that the total registration will be considerably over one thousand votes.

The women of Clearfield are very much in favor of exercising the right of franchise given them under the provisions of the recently ratified Nineteenth Amendment to the Constitution of these United States and accordingly proceeded to take advantage of the opportunity to enroll with the Assessors of the different election precincts of the town for voting purposes.

Yesterday was the first of the two days set apart for registering of women voters and when the Assessors closed shop last evening 264 had been enrolled in the Second Ward, the biggest Ward in the town. The Third Ward was a close second, while the First Ward register showed 181 names of women who expected to vote this year.

The Assessors were kept busy at intervals all day today and at 2 o'clock the different wards showed the following totals:—

Judge Bell addressed a capacity audience of women at the High School building last evening and informed the new voters as to their privileges under the new relation and also pointed out to them their duty in the premises.

The women of the town had already shown they were ready and willing to accept alike the advantages and the burdens of the new emancipation and heeded by Judge Bell's intelligent delineation of the necessary details surrounding their political action at this time have been proceeding in satisfying numbers to enroll during the day.

The Assessors will remain on duty at the several election houses of the town from 6 to 9 o'clock this evening and all who desire to vote this year must enroll before 9 o'clock or they will be unable to vote at the coming November election.

The Assessors will turn their assessment rolls over to the County Commissioners tomorrow and within ten days the list of voters registered yesterday and today will be placed on the duplicate in the Tax Collector's hands and every woman registered thereon may qualify for voting on November 2d by paying the sum of 53 cents county tax on or before October 2d, 1920.

Up until ten o'clock this morning the registration figures in the four wards were as follows:

First Ward: 76 Republicans, 28 Democrats, 6 Prohibitionists, 41 no party—total 151.

Second Ward: 90 Republicans, 116 Democrats, 5 Prohibitionists, 52 no party—total 263.

TENNESSEE RESCINDS SUFFRAGE
TOO LATE TO BE VALID IS OPINION

WASHINGTON, Sept. 1.—The action of the Tennessee House late yesterday in voting to rescind its ratification of the federal suffrage amendment surprised suffrage workers and government officials who were studying the possible effects of the action today. There is no precedent for the situation which has been created but opinions here were that the vote yesterday will not have any effect whatever. It was pointed out that the Tennessee certificate of ratification had come to Washington and has been approved and Secretary Colby has proclaimed the amendment. Court attaches are reluctant to go behind action of this sort, but legal opinion here also was that Tennessee cannot now withdraw ratification. This question, however, has never been finally settled. The most serious aspect of the case as seen here was that if the legality of the women's vote is taken into court a decision would not be reached until after the election and if the Supreme Court decided against the amendment the legality of the whole election would be disputed.

WASHINGTON, Sept. 1.—Suffrage leaders today took steps to have Connecticut ratify the 19th amendment giving national enfranchisement to women. Following word that the Tennessee House had rescinded its action giving suffrage to women the suffragists will redouble their efforts in order to prevent any question of the validity of the amendment. According to word received here Governor Holcomb has called a special session of the legislature to consider the amendment.

CHICAGO, Sept. 1.—George White, chairman of the Democratic National Committee today told the Senate Investigation Committee that he has tentatively fixed \$2,000,000 as the cost of the Cox-Roosevelt campaign fund. White denied that the Democrats at any time planned to raise from \$5,000,000 to \$10,000,000.

BULLETIN SAYS LORD MAYOR OF CORK
WILL LIVE SEVERAL DAYS YET

BELFAST, Sept. 1.—Desperate fighting between Irish factions broke out again in Belfast today. Sinn Fein gunmen attacked Unionist workmen in the Sankhill ship yards. Soldiers reinforced the workmen and a pitched battle resulted. At the same time minor disturbances were reported from other parts of the city. Casualties in today's fighting included two men killed and one woman and several soldiers wounded. Reports received here today said that Sir Edward Carson had offered the British government 30,000 Ulster volunteers to replace the soldiers.

LONDON, Sept. 1.—Government physicians reversed their diagnosis of the condition of Lord Mayor MacSwiney of Cork, on a hunger strike in Brixton prison. They said he would live for a week or ten days longer. The government is providing the best medical experts obtainable to prevent complications from setting in. Hunger strikers in the Mt. Joy prison capitulated and are eating this afternoon, but the 22 hunger strikers in Cork continued their voluntary starvation and several have collapsed.

MAX MILLER, AIR PILOT, KNOWN IN
CLEARFIELD KILLED IN ACCIDENT

MORRISTOWN, N. J., Sept. 1.—Two operators of an air mail plane were killed when their machine fell near here today. The explosion of a gasoline tank setting fire to the machine burned the bodies almost beyond recognition. From letters found in the mail pouches it was presumed that the plane was bound from New York to Chicago. The postmaster reported that Max Miller was the pilot of the machine. Mr. Miller was one of the original pilots and has been in Clearfield.

WASHINGTON, Sept. 1.—Max Miller and Gustav Riersson were occupants of the mail plane when they fell to their deaths near Morristown, N. J., today, postoffice officials said. Riersson, a mechanic was from Troy, Idaho, and Miller, one of the oldest pilots, has a wife living in Washington.

THE DANCING MASTERS AGAIN

The National Association of Dancing Masters was in session again, and as usual we were regaled with utterances concerning the "shimmy" and "jazz" and other things with strange names. The "cat step" is the latest.

It is offered as a substitute for the dances that have fallen into disrepute. The dancing master, no doubt, but it has been said that their influence on the art as practiced in the ballroom.

To a great degree of the advantage as the advantage of such larger number

of persons to indulge in dancing than would be the case if the steps were hard to learn. This adds to the profits of the dancing masters. But there are many persons who would like to see ballroom dancing restored to its former position as a fine art marked by grace and stateliness and beauty.

TAR KETTLE BLAZES

The tar kettle used in heating the tar filler for the brick paving on Third street caught fire this morning and emitted sufficient smoke screen to camouflage the entire lower end of town before Fire Chief Bob Mason, of the Barrett fire department, succeeded in circumventing the flames and restoring order among the tar pourers.

No use going to Osceola boys. Publicity is a wonderful padlock.

As a hot air artist on the stump Hy Johnson is a real piker alongside of Jimmy Cox.

About one more week of foolishness over campaign funds and the party leaders will be forced to get down to real issues.

Republican managers never accused Mr. Cox of being a liar. They know however that Mr. Cox is over zealous to prove something that he wants to believe. Now to have Mr. Cox accuse Mr. Hays of deliberately lying under oath is mighty serious and a matter that will not reflect to the credit of Mr. Cox.

SPIRIT OF RECKLESSNESS

A spirit of recklessness prevades society today. Reading any daily newspaper, one is impressed by the greater number of accidents reported. Many of these are in connection with the operation of automobiles, but not by any means all of them. Burglaries and murders, holdups and illicit trading, with brief reference to politics, furnish topics for the other columns.

The world is moving at a terrific pace. The war that it passed through helped to make its population restless. In this country high prices and high wages have put life on a different scale. A noticeable slump in morals and religion has robbed us of much of our poise and equanimity and made us careless in conduct and regard for law. We are paying a stiff price in the toll of human life and bodily injuries for our spirit of recklessness.

We are anxious to get back to normal in economic relations, but it is far more important that we lay again the foundations of right living and right thinking and right relations to men. And the spirit of recklessness, and in many cases heedlessness, will give way to caution and a regard for the common good when the fundamental cause of our feverish haste is removed.

WOMEN AS JURORS

That consideration of sex differences in government affairs cannot be entirely obliterated by the Nineteenth amendment to the constitution is made apparent by the discussion as to the part that women are to play in jury service. It is taken for granted that the new voters will have to bear their share of responsibility hereafter in passing on the guilt or innocence of persons accused of crime and in deciding civil suits. But at once the question arises if it would be proper to call upon them to serve in murder trials, where the jury is not released until it returns a verdict and may be locked up for several days and nights. It is assumed that it would not be at all to the liking of women to be subjected to such an experience.

It is an interesting prospect, this of having women on our juries. One speculates as to whether their natural tenderness of heart will cause them to be more lenient to wrong-doers than men would be. Or will they conscientiously stifle impulses of mercy and let stern justice be done? Illuminating comparisons of masculine and feminine obstinacy will also be permitted by the new order of things. The more one contemplates the subject, the richer are seen to be the possibilities for study of differences in sex psychology.

Then there is the question of woman's willingness to serve on juries. Will one hear such reasons offered for pleas to be excused as that it is necessary to remain at home to "put up" preserves, to care for a sick child or to attend to innumerable other household duties?

Jury service for women promises to me a knotty problem. It is not surprising to learn that special rules for their benefit are already considered necessary.

be somewhat similar to those of the Liberty Loan and Red Cross campaigns, so notably successful in Clearfield county.

Steps are being taken toward perfecting an organization among the doctors and nurses of the county. In reply to letters explaining the necessity for the campaign and requesting the support of the medical profession, practically every doctor in the county has signified his intention to co-operate wholeheartedly. The letters were sent out by the hospital staff, including the following physicians: S. J. Waterworth, L. F. Stewart, J. Paul Frantz, J. W. Gordon, W. E. Reiley, W. O. Wilson, and W. S. Piper. Mary A. Rothrock, R. N., Superintendent of the hospital, has promised to aid in perfecting the nurses' organization.

Forrest Root and Miss Bess Barto both of Clearfield, were united in marriage at 11:30 o'clock at the Trinity M. E. parsonage, Rev. W. W. Hariman officiating. The immediate families of the contracting parties were present and Mr. and Mrs. Lewis Kelly were the attendants.

The happy couple left on the afternoon train for a wedding trip to eastern cities. Upon their return they will reside in Clearfield. Their many friends wish them happiness.

**Everyone Should
Drink Hot Water
in the Morning**

Wash away all stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gas, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract before eating more food.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

**This section certainly owes
a lot to the automobile**

LOOK at it just from the business standpoint, compared with, say, ten years ago—or even five.

Everything speeded up—made easier. Nearly every business man depending on the automobile to transport himself and his products.

That is one reason, perhaps, why more attention is being paid to tires—why tire costs are being figured closer and people are beginning to look for better tires.

We believe that people are entitled to better tires—the best they can get.

Not only the man with the

big car, but the man with the small car, and the medium sized car.

We represent U.S. Tires for that reason—because their policy is the same as ours—every tire as good as you can get it, regardless of the size of the car it is to go on.

It was that policy which led to the introduction of the straight side automobile tire, the pneumatic truck tire.

And you can't beat it.

U. S. Tires are guaranteed for life, with no limitation of mileage.

It will pay you to talk to us about tires, if you are looking at them from a business standpoint.

NOTED SUFFRAGIST ISSUES STATEMENT

Mrs. Annie M. Sloan, Of Buffalo, Declares She Would Not Take All The Money In The World For Good Tanlac Did Her.

MRS. ANNIE M. SLOAN,
Ironment Buffalo, N. Y. Club
Woman and Suffragist

Of the distinguishing features in connection with the introduction and phenomenal popularity of Tanlac is the large number of prominent men and women who have come forward with their unqualified endorsement of the medicine because of the benefits they have derived from it.

One of the latest additions to this list is the name of Mrs. Annie M. Sloan, residing at 275 Huntington avenue, Buffalo, N. Y.

Mrs. Sloan has resided in Buffalo for the past forty years and is one of the most prominent club women of Buffalo, being an active member of the Buffalo City Club; the Lincoln Republican Club, and the Women Voters League.

She represented the women of her city in their appeal to the United States Senate in Washington when the suffrage bill was first introduced, and was honored with a membership to the Washington Suffrage Club. Mrs. Sloan is also deeply concerned in church and charity work. Her statement regarding the benefits she has derived from Tanlac will be of widespread interest. She said:

"I have only been taking Tanlac for about four weeks, but I am already feeling better than I have in years. When it just seems as though I have been awarded a new lease on life and I would be doing an injustice to others who are trying to find relief not to tell them what this grand medicine has done for me.

"Some years ago I was compelled to undergo an operation for gall stones, after which I got along very well until about a year and a half ago when I was taken down with a severe bilious attack. My appetite was abnormal; I would have an awful craving for food and eat until I was satisfied and then in a little while get hungry again and feel faint. Such severe pain would come in my stomach and right side that I felt like they were killing me, and I became so nauseated that it worried me for fear I would break a blood vessel.

"These attacks became frequent and with each one I had to remain in bed for four or five days. About six weeks ago I had one of these attacks and was in such awful pain that I gave up hope and thought my time had come. This spell left me without any energy and so weak I could hardly walk across the room.

"I could almost see the operating table staring me in the face again, but I had such a fear of another operation that I dreaded the very thought of it.

"Seeing so many fine testimonials for Tanlac, I decided to try the medicine myself. Well, after I finished taking the first bottle I noticed a wonderful improvement.

"My pains have all disappeared now, my appetite has been regulated, and I have not had a bilious spell or felt nauseated since I began taking Tanlac, four weeks ago. I just seem to be brimful of new strength and energy and never have that tired, weak feeling any more. I'll just say frankly I think Tanlac is perfectly wonderful, and I wouldn't take all the money in the world for the good it has done me."

Tanlac is sold by all leading druggists.

NEWS OF OUR NEIGHBORS CURWENSVILLE

It was a noticeable fact yesterday that the ladies of this town were not falling over one another in order to reach the polling places, in either ward, to place their names on the registration list. Only about 50 registered in the First ward and a like number in the Second ward.

A merry-go-round has moved in and is located on the site of the old Draucker House. It will remain in town until after Labor Day.

Bloomington and Mack's Crescent ball teams contested in a game at Athletic Park yesterday afternoon. The game started at a little after 4 o'clock, and was not finished in time to get the result at the time of mailing this letter.

J. B. Garner is removing his family from town and will reside this winter on a farm within a few miles of Lumber City.

L. W. Spencer arrived home yesterday from a ten day's vacation trip to Atlantic City and other watering resorts.

Earl Shaffer and family who have been residing at Lumber City, Mr. Shaffer having been employed by the brick yard company at that place, will move to Curwensville within the next few weeks and occupy a house on Susquehanna avenue, South Side.

The Brookville-Clearfield ball game took a lot of lovers of that sport from Curwensville to the county seat yesterday.

Mrs. A. E. Patton and daughter arrived in Curwensville Monday and are now domiciled in the Patton home on North State street.

Third Ward: 69 Republicans, 51 Democrats, 16 Prohibitionists, 1 Socialist, 2 Labor—total 162.
Fourth Ward: 2 Republican, 11 Prohibitionists, 112 no party—total 125.

Total in all four wards—701.
No indication of the party preference of the ladies can be gotten from these figures as it is not necessary to declare a party preference and in many instances that part of the blank was not filled out.

In the Second Ward Officer Reilly saw to it that the Democratic party was taken care of properly by loading himself up with a few hundred enrollment blanks and having any member of the family sign them for the registrant. It was quite late in the day when it was called to the attention of the zealous party worker that his actions were entirely too "democratic" and he was urged to desist in his enrollment of Democrats only.

In the Fourth Ward the assessor instructed all registrants not to enroll as to party preference.

AFTER EIGHT YEARS

Clearfield Testimony Remains Unshaken.

Time is the best test of truth. Here is a Clearfield story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. Jas. M. Gearhart, 905 South Fourth St., Clearfield, says: "I suffered for a long time with disordered kidneys. I had headaches and dizzy spells and a tired, languid feeling. I read about Doan's Kidney Pills and got a supply. After using two boxes my kidneys became normal and I felt better in every way. I am glad to recommend this remedy."

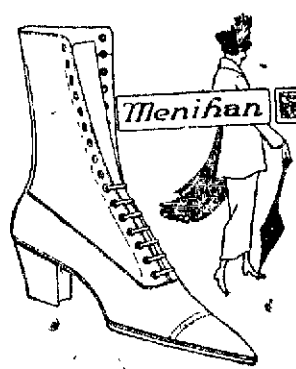

OVER EIGHT YEARS LATER, Mrs. Gearhart said: "I can recommend Doan's Kidney Pills as highly as I ever did. They have helped me whenever I have used them and I wish to confirm my former statement."

Every Member of The Susquehanna College of Music Faculty a Talanted Instructor

Never in the history of this institution have we presented such a talented corps of instructors. Each one is a master of the branch which he or she has been selected to teach. Not only accomplished performers but each has an especial faculty and ability to impart their knowledge to their pupils.

This, then, will assure those who wish to make a study of the art of musical expression, instruction that cannot be matched short of Metropoliton musical centers.

If you're planning a musical career for yourself, if you wish to study music seriously for your own pleasure, if you're a parent intending to start children on their musical education, why not come and have a profitable talk with us.

The 1920-1921 school year opens Monday, Sept. 6. The books are now open for enrollment.

The Dimeling**PRETTY WEDDING
AT ST. FRANCIS
THIS MORNING**

A very pretty wedding was solemnized at the St. Francis Catholic Church this morning at 7:30 when Miss Helen Elizabeth Connelly became the bride of Edgar A. Markel. The ceremony was the nuptial mass of the church and the officiating clergyman Rev. Father M. A. Ryan. Only the immediate families and a few close friends of the couple were present. The attendants were Anna Connelly, cousin of the bride, and Thomas J. Connelly, the bride's brother. After the ceremony a breakfast was served at the home of the bride, after which the happy couple departed for Tyrone from where they will visit Buffalo, Niagara Falls and points in Canada on their wedding tour.

The bride is the charming daughter of Mr. and Mrs. James D. Connelly and is endowed with all the accomplishments which go to make a worthy helpmate. She has been employed in the office of the New York Central here and one of the many useful wedding gifts received was a handsome sixty piece silver service from her fellow workers of the New York Central.

Mr. Markel is a former Clearfield boy, the son of Mrs. Martha Markel, now of Altoona. He is now employed as an electrician on the Pennsylvania lines at Altoona. He was formerly in charge of the Electric Supply Store in Philipsburg but left there to join the First Engineers in the world war. He spent twenty-six months in Europe and was one of the last to return to this country from the scene of war.

A host of friends wish the young couple all the happiness in the world. They will make their future home in Altoona.

Miss Emily Gaulin left yesterday for Marietta, Ohio, where she has accepted a position as dietitian in the Marietta Hospital.

**LIQUOR SELLERS
THREATENED WITH
SLAP ON WRIST**

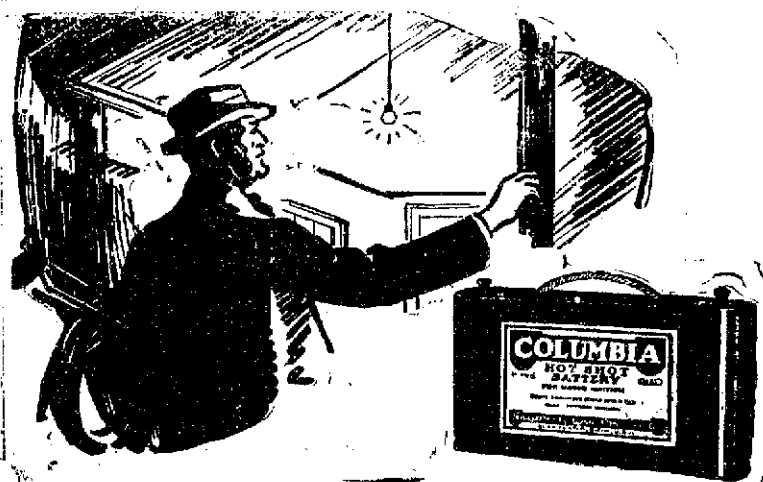

The following is a clipping from a Democratic newspaper printed in Clearfield County. No authority is given for the statement that wholesale prosecutions are to be made of violators of the liquor laws in this county. It is a pretty safe bet that there will be none until after November 2nd. It is significant that even Democratic newspapers are beginning to take note of political trafficking in liquor.

"That surprises are in store for certain people of Clearfield and adjoining counties of the Twenty-third U. S. revenue district, who have in the past several months violated the Eighteenth amendment to the constitution, is evident from reports issued at headquarters of the district in Pittsburgh. These surprises, it was learned, will come in the form of Federal warrants, charging violations of various articles of the Volstead act from selling several drinks of "hooch" to unlawful manufacture.

A number of new suits have been filed at headquarters within the past few days, and bench warrants are expected to be issued shortly. These will eventually drift into the hands of United States Marshal John Short and his deputies for service.

There are hundreds of "booze" violation cases pending in the district, it is said. They represent violations over the entire 23 counties comprising the Pittsburgh Federal district."

Be Pretty! Turn Gray Hair Dark

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this thru your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

You no doubt are aware that on an average one of every four children has defective eyesight and that 70 per cent of these are backward children.

It very often happens that a child's distaste for study is due to inability to see clearly.
